

# Refrigerated Transporter's Online Refrigeration Unit Repair Directory

The online *Refrigeration Unit Repair Directory* is a geographical directory of transport refrigeration service facilities throughout North America. This vital industry reference is a guide for temperature-controlled fleet operators looking for good, dependable service and repair. Be sure your repair facility is listed correctly.

**Stand out from the crowd** with linkable email and website addresses and company logos.

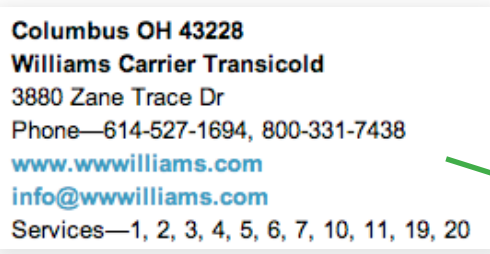

Go to [www.refrigeratedtrans.com](http://www.refrigeratedtrans.com) to see this directory online. (Look under the "Of Interest" section in the center column, click on the link for the Repair Guide.)

## Add a color logo that links to your site!

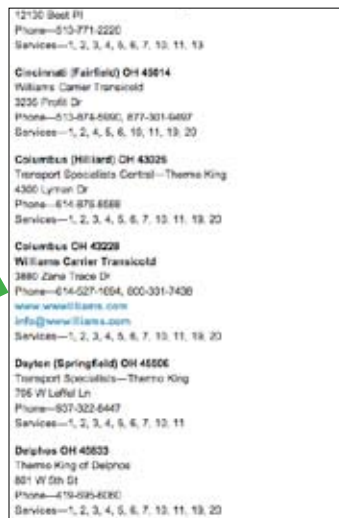

Linking company logos in full color drive traffic to your website. Logos are \$400.00 on up to five locations, \$10 for each additional location.

## Add e-mail and website addresses!

Make it easy for companies to contact you—the Email and URL enhancement is \$200 annually for one to five locations, \$10 for each additional location.

Call **800-880-0368** to enhance your online listing  
in the Refrigeration Unit Repair Directory.

Refrigerated Transporter™ • PO Box 66010 • Houston TX 77266 •
